Tracey has been pursuing her passion for close to five years & is still as excited & enthusiastic as the day she began. She has been apart of Bravo's team since the fall of last year.

The definition of Cosmetology states; "The study or art of cosmetics & their use." This, she believes, describes her passion for her career. She does not want to change her clients, only enhance what is already there. Cosmetology is full of new trends & she is able to convey them in a very creative way. She believes that keeping up on the latest styles, cuts, & color techniques is one of the most important parts of her career. Tracey is excited that her passion will never go dull; there is never an end to learning.

Tracey has participated in many hair shows, cutting classes, & color programs to ensure her clients receive the latest trends. She is very observant & she can appreciate people's needs. Using her own creativity & style she is able to achieve her goals. She believes communication is one of the most important parts of her job. Everyone has their own image & opinion on what looks good.

Tracey specializes in Formal Styles, Day to day styles, Cutting, Color correction/ Coloring, & Facial Waxing.

Massage Therapy has always been Rachelle's passion. She joined Bravo in the fall of 2009, after graduating from Globe University & now that dream is a reality. Exercise, working out, & stretching are great interests Rachelle enjoys. This also, is something she encourages clients to participate in. She incorporates stretches into each massage, allowing the client to feel "taller" & have less muscle tension when they leave.

Everybody's body is different, and Rachelle focuses on being intuitive to each person's specific needs. Each massage she gives is "customized" for the client & the goals they would like to achieve for that particular massage session. She likes to primarily focus on the areas of concern. Rachelle believes that massage is result-oriented & with her assistance, you will leave feeling better.

Massage is for you! Rachelle is the advocate to get you where you want to be. When we have car problems, we get our cars fixed. When your body is talking, listen to it, and keep it maintained with massage therapy. Last, but not least, Rachelle would like to share her mission statement with you, which is, "Good, better, best, never let it rest, until your good becomes better, & your better becomes best."
